---

Detail-oriented and results-driven IT professional with a passion for optimizing user experiences through innovative SharePoint and Power Platform solutions. Adept at crafting intuitive interfaces, conducting usability testing, and collaborating with cross-functional teams to enhance system usability and efficiency. Microsoft-certified in Power Platform Fundamentals and Microsoft 365 Fundamentals, with a commitment to continuous learning and staying updated on industry trends.

## SKILLS:

- **SharePoint:** Proficient in designing, customizing, and optimizing SharePoint sites and solutions, both out-of-the-box and through custom development.
  - **Power Platform:** Skilled in utilizing Power Apps, Power Automate, and Power BI to create innovative and efficient business solutions.
  - **User-Centered Design:** Experienced in applying user-centered design principles to create intuitive and engaging user interfaces, wireframes, and prototypes.
  - **Usability Testing:** Able to plan and conduct usability testing sessions to gather user feedback and refine interface designs.
  - **Content Organization:** Expertise in optimizing information architecture for SharePoint sites, ensuring logical content categorization and navigation.
  - **Collaboration:** Strong track record of collaborating with stakeholders, project managers, and developers to align site goals with business objectives.
  - **Technical Documentation:** Skilled in creating user documentation, tutorials, and guides to support effective system usage and training.
  - **Problem-Solving:** Strong analytical and problem-solving abilities to identify user needs, pain points, and propose effective solutions.
  - **Continuous Learning:** Proactively stay updated with the latest UX trends, SharePoint updates, and technology best practices.
  - **HTML, CSS, JavaScript:** Familiarity with web technologies for customizing SharePoint interfaces and implementing design changes.
- 

## WORK EXPERIENCE:

### ***RVS Technology Group*** – Watsonville, CA, **Systems Administrator**

September 2018 – Present

L1 Support Technician - September 2018 – January 2020

Senior IT Support Technician - January 2020 – January 2021
